

Body Hugger

Lumbar Support Cushion

Designed for Total Support

This Quality back support is made from closed cell injection moulding and is supplied with a washable removable fabric cover. The Body Hugger is designed to give you full medial and lateral support, whilst sitting.

Annoying backache and fatigue will be reduced.

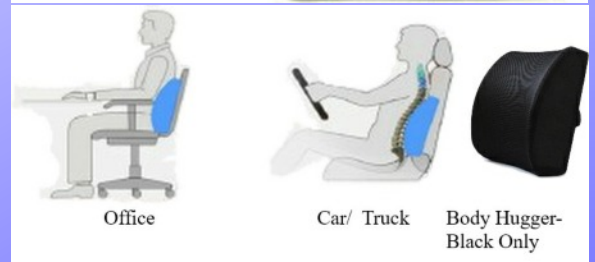

Reduces Work Fatigue

Reduces Work Fatigue from incorrect posture, whilst sitting and encourages good seating position. Tiredness will give us a tendency to slump, depriving the spine of its correct curvature.

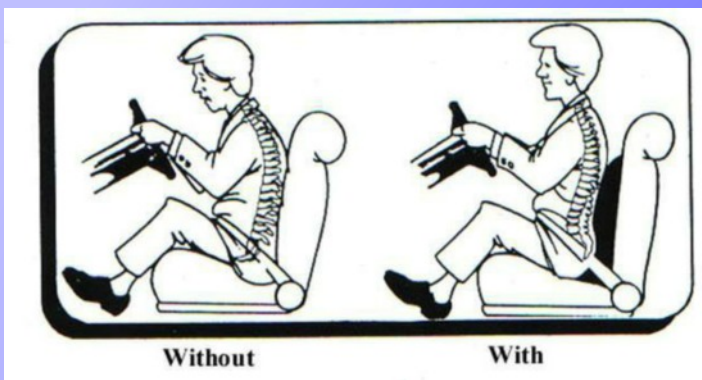

The Body Hugger encourages you to posture yourself correctly.

Improve Posture

Every driver, every passenger, every worker deserves a good quality Lumbar Backrest

Product Code BH 1000

Recommended for · Office · Car or Truck
· Home · Boat · Wheelchair and Others
